

Southern Grampians Shire Council

Performance Statement

For the Year Ended 30 June 2019

Description of municipality

Southern Grampians Shire Council was formed in September 1994 by the amalgamation of the former Shires of Dundas, Mt Rouse, Wannon and the City of Hamilton. We are located in the centre of the Western District of Victoria, 290 kilometres west of Melbourne and 500 kilometres south east of Adelaide.

Hamilton is the regional retail and service centre for the entire south west of Victoria. It is supported by a delightful mix of smaller townships offering different regional lifestyle choices. The nine smaller towns in the Shire are Balmoral, Branxholme, Byaduk, Cavendish, Coleraine, Dunkeld, Glenthompson, Penshurst and Tarrington.

The region is home to a dynamic portfolio of businesses thriving in local, national and international markets. A rich agricultural heritage, fertile landscape, comprehensive infrastructure and advanced utilities shape its prosperous and sustainable economic profile, and pave the way for future development, investment and employment growth.

The Southern Grampian Shire's 16,000-strong population enjoys superior leisure and medical facilities, prestigious schools and tertiary institutions. A sophisticated arts culture and a thriving retail and hospitality sector inject vibrancy, while breathtaking landscapes add to the strong sense of place.

The Local Government (Planning and Reporting) Regulations 2014 requires explanation of any material variations in the results contained in the performance statement. Council has adopted materiality thresholds relevant to each indicator and measure and explanations have not been provided for variations below the materiality thresholds unless the variance is considered to be material because of its nature.

The forecast figures included in the performance statement are those adopted by council in its Strategic Resource Plan on 12 July 2017. The strategic resource plan includes estimates based on key assumptions about the future that were relevant at the time of adoption and aimed at achieving sustainability over the long term. Detailed information on the actual financial results is contained in the General Purpose Financial Statements. The Strategic Resource Plan can be obtained by contacting council.
