Southern Grampians Shire Council
1 MARKET PLACE
HAMILTON VIC 3300

Dear Applicant,

ELECTRICAL ASSET RELOCATION – STAGE 1: 18 MARKET PLACE, HAMILTON

I refer to our recent discussion regarding the abovementioned project: The works required to accommodate your requirements are outlined in the enclosed Recoverable Works Contract (RWC). The RWC also specifies, cost of works, indicative timeframes and your Powercor contacts for the project

OFFER VALIDITY

This offer will expire **30 days** from the date of issue. Powercor will commence the works specified in the RWC upon receipt of full payment and all requested documentation, duly executed.

Offers not accepted by the expiry date will lapse without further notice. Subsequent applications will be subject to a review of the scope of works and associated costs which may vary from the enclosed offer.

HOW TO PROCEED

Please follow the steps below to accept the enclosed offer and proceed with the works specified in the RWC:

ACCEPTANCE OF OFFER

By accepting this offer the customer will be taken to confirm that they have read and understood the contract and agree to be bound by the contract terms

PAYMENT.....

On receipt of the signed RWC, a **GST inclusive invoice for \$221,927.20** will be issued to the person or organisation named as the Customer in the RWC. Payment instructions are outlined on the invoice

PROJECT COSTS AND CUSTOMER CONTRIBUTION

The GST inclusive customer contribution of \$221,927.20 has been determined in accordance with the Australian Energy Regulator (AER) guidelines.

ADDITIONAL COSTS

The following services will be charged separately from this RWC at the applicable rates:

- Metering, electrical inspections, connection charges and truck appointments.
- Service relocations, new & upgraded supplies and abolishments not covered by the scope of works detailed in this RWC.

WORKING AROUND ELECTRICAL ASSETS

Statutory clearances between electrical assets and persons, structures, plant and equipment must be maintained at all times.

- Prior to any excavation, visit the *Dial Before You Dig* website: www.1100.com.au
- For specific advice on working or building near any electrical assets, submit an enquiry via our website: <https://customer.portal.powercor.com.au/mysupply/> → *No Go Zone Assessment*

Where statutory clearances cannot be maintained, Powercor may need to relocate assets to accommodate your works. Works to relocate electrical assets will be subject to a separate contract and the costs of such works are generally borne by the customer.

Please call the Customer Requests Team on 1800 771 434 if you have any queries about this project.

Yours faithfully,

Project Delivery Lead
